5. Student Support and Progression

5.1 Contribution of IQAC in enhancing awareness about Student Support Services

The Induction programme (College and Department level) – A college-level two-day induction programme called Set-sail is organized every year. During this programme, all the facilities and student support services of the college are communicated to the students through multimedia presentations, sharing by Principal and faculty and interactive activities like preparing Collage/Tableau etc. It also involves a presentations by various non-teaching and teaching faculty in-charge of various student support services in the college. The highlight of the programme is the involvement of senior students in the process. Besides this, Department level induction programme for PG students is also done.

Calendar – The College calendar printed and distributed every year contains information regarding the student support services and the staff in charge of each. The calendar reaches the students, teachers, staff and other stakeholders too.

Information dissemination through *IQAC Reps* and *Class Reps* - Each class has representatives to attend meeting convened by the IQAC Coordinator. Informations are conveyed to each class through them.

Official social media groups are also used as an effective tool for passing on informations.

Career Guidance seminar by Dr Brijesh John through YouTube.

5.2 Efforts made by the institution for tracking the progression

The monitoring of student performance and progression begins by documenting the entry-level marks/grade of all new admissions in the office. Head of the department along with class teacher and course faculty monitors student progression through semester-wise formative and summative evaluations, monitors diary, best class evaluation and annual class reports. The overall performance of the students is communicated to the parents during class wise PTA meetings. The results of internal examinations are sent to parents periodically.

5.3 Details of student support mechanism for coaching for competitive examinations (If any)

- Coaching is provided for CPT/IPCC, P O Bank Test, UGC-JRF/NET, Public Service Commission/UPSC exams, MAT, C-MAT and CAT. As part of this, the college has initiated tie-ups with training institutes such as TIME Kottayam, Career Launcher Thodupuzha etc. These institutes are given training slots which are incorporated in to the class schedule of various departments.
- Marian has a Centre for Training and Development (MAGIS) which organizes soft skill development programmes such as Resume preparation, GD, personal interview, leadership skills and personality development.
- Career development experts like, Sri. Abraham Kurien IPS (DGP, Rtd) serves as the Institutional Advisor and Facilitator for career development. He frequently engages orientation and current socio-economic trend analysis sessions to students. Civil service aspirants are identified and specially groomed by him and are guided for the career pursuit.
- Most of the competitive exams are online. The online MOODLE exams for CA1 and CA2 enable the students to confidently appear for such competitive exams that are computer based.
- The college provides other infrastructural and resource support also to help students prepare for competitive exams:
 - The college library has a special notice board to display career news and information about competitive exams.
 - The College has provision for online aptitude training/ UGC/NET and online mock exam.
 - The College Library has a Career Centre where reference books and question bank for competitive exams are available.

6.Governance, Leadership and Management

6.1 State the Vision and Mission of the institution

Marian Vision

To be a transformational leader in education, facilitating and celebrating the full flowering of life in abundance

Mission

1. Relentless pursuit of knowledge, realizing that the horizons of knowledge are ever expanding.
2. Fostering spiritual and humane values, being proud of our Indian ethos and the Christian message.
3. Networking and collaborating for synergy, knowing well that in today's world none of us can be as smart as all of us together.
4. Expanding campus-community network, because we are aware of our obligation to reach out to our less privileged brethren.
5. Promoting sustainable living and environment friendly campus, being sensitive to the fact that our planet Earth is the only one that we and our future generations have.
6. Ensuring a learning environment of creativity, adventure of ideas, constant innovation, enabling

academic ambience and the state-of-the-art Information Communication Technology.

6.2 Does the Institution have a management Information System?

Yes

6.3 Quality improvement strategies adopted by the institution for each of the following:

6.3.1 Curriculum Development

- New curriculum is implemented for all the courses with the new autonomous status
- Restructuring of curriculum based on programme outcome, programme specific outcome and course outcome during 2018.
- The Curriculum Implementation Process starts with the annual academic review (Retrospect) and stakeholder feedback analysis at the school/department level.
- The inputs of Retrospect are utilized to prepare the curriculum implementation plan in the department.
- The final stage of planning (Corporate Plan and Schedule) is done at the Marian Annual Academic Planning (MAAP) process which is a 2-day stay-in programme for the entire faculty. The implementation of this plan is monitored and reviewed by the Principal, Vice Principal, Directors and Heads of various Departments. The individual Departments prepare their timetables, discuss course plan and outcomes prepared by individual faculty, monitor faculty and student attendance, ensure timely delivery of course modules, conduct review staff meetings, conduct internal exams, and publish results on time
- Board of studies meetings and academic council meetings were held as per the norms fixed by UGC

6.3.2 Teaching and Learning

With the autonomous status the continuous assessment evaluation and final examination has become an important activity in the campus. The college follows the 60-40 pattern for end semester evaluation and continuous evaluation. The teaching plan which includes the schedule for continuous evaluation has to be approved by the department council. A general guideline for the Teaching –Learning and Evaluation Process in Marian has been given. The key component of academic planning and organizing in Marian is discussed and approved in the Annual Academic Retreat and its outcome is the Marian Annual Academic Plan (MAAP).

At the end of each Semester the department staff council is convened to review and take stock of the years' activities and evaluation results. The compliance to continuous assessment plan, the quality of implementation, programmes conducted, results and achievements, standards maintained, feedback received from student etc. are critically reviewed and gaps are identified. Based on the review findings and suggestions from the faculty and students, a department level plan for the next year is prepared.

At the end of the first semester of autonomous batch the IQAC conducted an internal audit to ensure the quality in teaching, learning and evaluation

6.3.3 Implementation of the Academic Plan

A detailed Course plan which includes the details of continuous evaluation is prepared and submitted by the faculty to the HOD/Director before the commencement of the session. The Course Plan contains information on the outcomes and number of sessions allotted to each module, methods of transaction of each topic, details of the materials to be referred and assessment/evaluation methods. The course related assignments and submission, and deadlines are also detailed in the Course Plan. Compliance to the course plan is monitored during the department level meetings and during annual academic audits. Feedback on faculty and curriculum delivery is

collected through an automated process. The consolidated feedback is communicated to the individual faculty by the Principal. When required, performance counseling is also given. The Controller of examinations serves also in the capacity of internal exam coordinator, who schedules the internal exams and sets standards for valuation and submission of results. Interim Audit of the academic plan is conducted by the Principal/External experts.

Moodle platform is used in the process to implement the course plan and also to conduct internal examinations.

6.3.4 Examination and Evaluation

For the effective implementation of the evaluation reforms under autonomy, the institution has adopted the following mechanisms: controller of examinations and a joint controller are appointed both for internal and external exam. Exam calendar is prepared in advance and finalized during MAAP. The schedule is intimated to the students during induction programme/Principal's address at the beginning of the academic year. Timely publication of internal marks is communicated to the parents. Benchmarking is done by IQAC in scheduling and in the conduct and timely evaluation of the examinations. Controller of Examination monitors the conduct of examination, valuation of papers in time and dissemination of the assessment outcomes to students and parents. Centralized Valuation camps are organized by the controller to facilitate the timely publication of results.

6.3.5 Automation of controller's office

For the smooth and effective functioning of the evaluation process, the Controller's office is automated and this software is used to manage exam activities starting from student registration for examinations, seating arrangement to final publication of results. Question paper is also computer generated.

6.3.6 Strategies for Deploying and Upgrading the IT Infrastructure

The College has set up an ICT committee consisting of the Manager and Principal and staff in-charge for Website management, IT Operations and Training, METLE, and System Administration. The committee, in line with the policy guidelines, operationalizes the Marian Quality Model of the IQAC by visualizing, designing and deploying ICT innovations for Academics and administration from time to time. The committee conducts Performance Audit of IT infrastructure and makes recommendations to management for maintenance and up-gradation. In addition, as and when required replacement of the malfunctioning/damaged equipment is done as reported by the IT support staff.

6.3.7 Faculty and Staff recruitment

The college has an HR policy which streamlines the human resource development and management activities. The policy guides the recruitment, training and development of faculty and administrative staff, and appraisal, welfare and compensation aspects of the employees. For instance, all faculty appointments are based on merit and the management follows a liberal approach in sending teachers for faculty improvement programmes. There is also a separate policy regarding faculty development.

6.3.8 Industry Interaction / Collaboration

Industry/organization interaction happens at three levels – firstly, as a means to enhance and enrich the curriculum delivery; secondly, to gather feedback on curriculum and training, and finally, industry representatives visiting the campus for job recruitment. The college facilitates this by formalizing the relation through MoUs and academic linkages. The students also visit an organization every year to familiarize with the industry. The college has signed linkages with

- i. Mahindra for training as part of CSR Youth employment initiative
- ii. Progno Financial Planning System Pvt Ltd. for internships
- iii. Logistics Services and Solutions for internships
- iv. Global Talent Track Pvt. Ltd. for training
- v. Campus visits Real Assets for training
- vi. Synergy Thoughts for skill development programmes
- vii. Concepts Interia for Internships

Collaboration for Research Activities

The college has an MOU with Fraser Valley University Canada for faculty and student exchange. The college already have memorandum of understanding with the University of Utah, USA, Rust College, Mississippi, USA, University of Arlington at Texas, USA, Ryerson University, Toronto, Canada for initiating collaborative research, conferences, seminars, workshops and training, faculty and student exchanges. The college has tie-ups with IPSR Solutions Pvt. Ltd, LSGs and many NGOs/companies for facilitating field practicum/ research experience.

6.3.9 Admission of Students

Student admissions are strictly done on the basis of University and Government rules. We cater to students from different socio-economic factions of the society. The government quota admissions are done from the university through centralized allotment. The college also provides equal opportunity for SC/ST/OBC students and a significant number of students belonging to this community got admission this year.

Under the autonomous scheme the college has enforced automated systems for student registration and admissions management. Even the management quota admissions are computerized to bring transparency

Best Practice I

1. Title of the Practice

ICT integration in Teaching Learning and Evaluation

2. Objectives of the Practice

- Addressing the needs of Millennium generation in learning
- Addressing core values of NAAC
- Integrating LMS into teaching learning
- Equipping students to face competitive exams
- Software Integration of blooms taxonomy in evaluation and question paper generation
- Using ICT enabled innovative teaching methods
- Automating examination division
- Automated evaluation of CO,PO and PSOs
- Use of technology to develop students' multidisciplinary and multicultural competences

3. The Context

Promoting the use of technology is one of the core values of NAAC. Marian's stated mission too espouses strategies to ensure a learning environment of creativity. The inquest for ICT enabled innovative teaching methods is thus innate to Marian. Also, it is no secret that the Millennium generation has never known a world without technology. Their approach towards learning is undoubtedly unique. To address their needs, LMS has been integrated into the teaching and learning process. It has been done with the objective of enhancing the students' multidisciplinary and multicultural competences, and to place them ahead in the competitive realm.

Undoubtedly, engaging the digital-native millennial students in the teaching, learning and evaluation processes is a challenge. Blended learning through the use of LMS is enticing as well as well accepted by them. Thus the integration of ICT in teaching, learning and evaluation was to mould these students to meet the 21st century exigencies. The design of the whole system to align with the institution's aim to inculcate in the millennial students the ability to evaluate and analyse information, and enable them to apply their knowledge in solving real-life problems was a challenge in itself. A step towards this was software integration of Blooms Taxonomy in evaluation and question paper generation. Also, the college being autonomous, needed error free, fast and reliable systems for question paper generation, exam management and co-ordination of continuous assessment. Evaluation of attainment of COs, POs and PSOs too had to be integrated into the assessment process.

4. The Practice

In Marian College ICT tools are integrated in every aspect of teaching learning process. All the courses are offered through Moodle LMS. 100% of students and teachers are using Moodle. ICT tools are also used for managing the continuous assessment evaluation. In-house software systems are used for the preparation of question papers for end semester examinations. All the process in the office of the controller of examinations are automated. This includes exam registration,

payment of fees, publication of results etc. Evaluation of attainment of CO,PSO & PO are also well integrated into our software systems.

5. Evidence of Success

Marian college has developed its expertise in deploying LMS systems, Exam automation systems. We are providing Moodle Consultancy and training to leading educational institutions across the nation. Our Question Bank software for the preparation of Question Papers is even purchased by our parent university.

Annexure III

1. Title of the Practice

Marian Annual Academic Planning (MAAP).

2. Objective

The following list indicates the Goals and objectives of MAAP:

- To set the ‘Motto’ for the succeeding academic year and commit to work for it.
- To plan the annual academic activities, aligning to the ‘Mission’ and ‘Vision’ of the college.
- To provide direction and purpose for all future activities.
- To identify potential opportunities and areas of improvement for the college and all the departments.
- To communicate the planned activities of every department with the rest of the faculty members.
- To strengthen the sense of cooperation and camaraderie between the management and faculty members.
- To help the coordination of various activities of the college in a prefixed time frame.
- To prepare Annual Corporate Action Plan ensuring active participation of the faculty.
- To provide a venue for expression of opinions, feedback, new ideas and valuable suggestions for improvement.
- To share Institutional Social Responsibilities.
- To provide the ideal induction of the new faculty members.

3. The Context

Marian Journey towards excellence begins with the process of MAAP which is conducted at the tail end of an academic year. This gives the Marian family an opportunity to introspect and take stock of the activities of the current academic year, get the errors corrected and move ahead with greater conviction and purpose. Since the Marian family believe that success comes with proper, realistic planning and timely implementation of the same, the MAAP process has gained popularity and significance over the years. In the context of Marian’s quest for the best possible take-off, steady flight and ideal landing at the end of the academic year, MAAP process has proved to be of great help.

4. The Practice

MAAP is a two day residential programme organized for the entire teaching staff of Marian with the purpose of framing the academic activities for the succeeding academic year. Every Department of the college presents the activities done in the current academic year and prospective plans. Every participant has the freedom to voice his/her opinion, critically assess the activities and provide suggestions for improvement. It is also a once in a year opportunity for the faculty members to come together, share their experiences, discuss matters that affect curricular and co-curricular activities of the institution. MAAP also gives an opportunity to the new faculty members to announce their arrival in the Marian family, familiarize with the rest of the team, involve in the activities and give their commitment to work as a good team member.

5. Evidence of Success

- Clarity in academic schedule and ease of monitoring
- Systematic implementation of curricular and co-curricular activities as per planning.
- Regular stock taking and evaluation results in sustainability and quality enhancement.
- Ensures that all vital aspects of higher education are attended to
- Helps in identifying areas of emphasis and setting yearly goals for specific improvement.

6. Problems Encountered and Resources Required

MAAP is planned well in advance and during the days of MAAP university examinations are sometimes unexpectedly rescheduled which affects the participation of teachers.
