

MARIAN COLLEGE
KUTTIKKANAM
(AUTONOMOUS)

MAKING COMPLETE

Annual e-Governance Report

ACADEMIC YEAR - 2018-2019

This document highlights the implementation of e-Governance activities of Marian College Kuttikkanam (Autonomous)

Based on the decision in the last year, a single ERP solution **called mcka.in** is now used to carry out many tasks in the academic year 2018-2019.

Administration

- Admission process is now managed by **mcka.in** ERP

Finance and Accounts

- Centralized the usage of **Tally eRP 9** software throughout the administrative wing.

Student Admission and Support

- **Student portal** of the mcka.in is now operational and it is visualized as a portal for all their needs concerning the college.
- Work on creating an **alumni database** is in progress and shortly will be made available in mcka.in

Examination

- **MOODLE** LMS was upgraded to the latest version available and is integrated with mcka.in, thus avoiding the need for multiple authentications.
- **SMARTE (Question Bank Generation)** was so popular that, we could offer consultancy services to other autonomous colleges and even the parent university (MG University, Kottayam) was interested in implementing it.
