

MARIAN COLLEGE  
KUTTIKANAM  
(AUTONOMOUS)

# e-Governance ANNUAL REPORT 2020 - 2021

This academic year we witnessed the importance of online resources in all aspects of running the institution. The disruptions caused by the COVID19 pandemic on offline processes was immense. Since Marian was already gone digital in most of its transactions, with minimal struggle we could endorse the new normal. College website and ERP software played a major role in withstanding the challenges raised by the pandemic.

### Administration

- New modules of mcka.in were added namely,
  - Student Information System and Progression Management,
  - Hostel Management
  - Teachers Feedback System

### Finance and Accounts

- **Tally eRP 9**

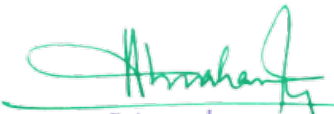

### Student Admission and Support

- Admission process was completely online, including management quota
- Online class scheduling in mcka.in with inbuilt support for various video conferencing platforms.
- Students' Satisfaction Survey was conducted through online means

### Examination

- MOODLE LMS was used extensively for conducting online descriptive exams.
- **Safe Exam Browser** plugin for Moodle was effectively used by the faculty members to monitor the students during these tests.
- **Question Bank Generation** and all other exam related tasks are now moved to **mcka.in** and SMARTE software service was discontinued
