Electronic Waste Management

Submitted to

THE NATIONAL ASSESSMENT AND ACCREDITATION COUNCIL (NAAC)
FOURTH CYCLE OF ASSESSMENT

Electronic Waste Management

Electronic waste such as damaged and unusable monitors, CPU, printers and other peripherals are periodically collected and sold to vendors annually. A policy for buy back is in place with the suppliers through which a lot of old electronic equipment is exchanged. Working Computers with older configuration are donated to the local schools and are also used to set-up hardware training labs.

Electronic Waste Removal

Marian Self Financing College 2016-17
