SUB: Quotation for E-waste

Respected Sir,

We are Eco Friendly Solutions working as the E-waste collection Centers in Kerala under the E-waste Management Rule 2016. We are the No.1 aggregator of E-waste in Kerala having collection centers in different zones of the state working with the consent of Kerala State Pollution Control Board (Consent No: G19KOT837360CTO/2019).

We collect the E-waste from formal and informal sectors and we provide the same to the recyclers through the PROs for recycling as per the guidelines of Central Pollution Control Board.

We came to know that there is E-waste at your Computer lab and our representatives had inspected the materials as well. We can assure you that the materials collected from your end will be recycled as per the guidelines of CPCB and we can also provide the declaration for e-waste recycled after we receive the same from the recyclers.

You are requested to please find the quotation given below for the materials as per the market value. If you are convenient with the quoted rates, please let us know as soon as possible.

NB: The transportation and labor charges will beared by ECO FRIENDLY SOLUTIONS

To Realise the sweetness of mother nature..... To Nourish our Nature.....
